UGC CREATOR · GHENT, BELGIUM

You bring the brand. I bring it *to life.*

I create UGC for beauty, fashion and lifestyle brands. Your product in a video with a hook that sticks and an edit that cuts on the beat. I have an eye for detail, and it shows.

EVERY BRAND WELCOME

Let's create something!

hi!

ABOUT ME

Behind the camera, completely *myself.*

Hi, I'm **Jennah**! Final-year student in Ghent, UGC creator in every spare minute. I combine my studies with what I love doing most: creating content for beauty, fashion and lifestyle brands.

What makes me strong? **My eye for detail:** from the right light to a cut that lands exactly on the beat, I keep polishing until everything is right.

I create spontaneous, authentic content that feels like **a tip from your best friend.** That way you get professional videos that truly convince!

FOR YOUR BRAND

What I can do for *your brand*.

You want people to stop, watch and buy. This is how I make that happen.

01 **Your customer *stops* scrolling.**

I write a hook that lands in the first three seconds, so your audience stays instead of swiping on.

02 **Your product, at its *best*.**

03 **An edit that *sticks*.**

04 **A creator who *thinks along*.**
